

From cutting-edge research to cost-effective solutions, IAS has the knowledge and experience to help overcome your technical challenges. Through our extensive engineering expertise we are able to provide an optimal solution for your automation needs.

Automation Systems and Engineering

- :: Advanced Control
- :: Automated Assembly
- :: Automation General
- :: Batch Control
- :: CNC
- :: Coating/Finishing
- :: Control Panels
- :: Conveying/Engineering
- :: DCS
- :: Discrete Control
- :: Discrete Parts Handling
- :: Factory Automation
- :: HMI
- :: Hydraulics and Pneumatics
- :: Injection Molding Control
- :: Machine Build/Retrofit
- :: Machine Design/Control
- :: Machine Tending
- :: Motors/Motion Control
- :: Packaging
- :: PLCs/RTUs
- :: RFID and Bar Code Systems
- :: Robotic Cells
- :: Systems Engineering
- :: Turn-Key Systems
- :: Vision Systems - 2D
- :: Vision Systems - 3D

Management and Consulting

- :: Design/Specifications
- :: Electrical Engineering
- :: International Projects
- :: Project Management
- :: Project Planning
- :: Regulatory Control
- :: Research and Development

Integration and Software

- :: C/C++
- :: Computer Software
- :: Database Architecture/Deployment
- :: Data Collection/Reporting
- :: Enterprise Integration
- :: Execute to Order Management Modeling
- :: Integrated Mathematical Engines
- :: Java Programming
- :: LABview Programming
- :: MES Systems and Integration
- :: .NET Programming
- :: Networking/Comms
- :: PC Based Controls
- :: Product Tracking/ID Systems
- :: S88/S95 Architecture Development
- :: SCADA
- :: Simulations/Modeling
- :: Supervisory Control

Process Automation Systems

- :: Level Control
- :: Pressure Control
- :: Process Engineering
- :: Process Control
- :: Temperature Control
- :: Viscosity Control

R&D and Testing Systems

- :: Automatic Test Equipment
- :: Laboratory Automation
- :: Quality/Test Engineering
- :: Test/Inspection

Correlated Services

- :: Field Services
- :: Hazardous Environment Design
- :: Installations and Commissioning
- :: Training/Education
